

SEQUOIA BRASS AND COPPER

STATEMENT OF SUPPLIER COMPLIANCE

Date: May 22, 2017

Sequoia Brass and Copper is a distributor of metal products that are manufactured by domestic and international mills. All of our metal suppliers are aware of the current compliance requirements. We monitor compliance through our purchase order procedures to the best of our ability.

DFARS, Defense Federal Acquisition Regulation Supplement

The copper and copper alloys we supply do not fall under the DFARS list of specialty metals, therefore they are DFAR compliant. (<http://www.acq.osd.mil/dpap/dars/dfars/html/current/252225.htm#252.2257009>)

RoHS, Restriction of Hazardous Substances

The products we supply do not contain the following 6 hazardous materials in excess of listed percent.

Lead (Pb) 0.1% or 1000 ppm by weight of homogeneous material **

Mercury (Hg) 0.1% or 1000 ppm by weight of homogeneous material

Cadmium (Cd) 0.01% or 100 ppm by weight of homogeneous material

Hexavalent Chromium (Cr(VI)) 0.1% or 1000 ppm by weight of homogeneous material

Polybrominated Biphenyls (PBB) 0.1% or 1000 ppm by weight of homogeneous material

Polybrominated Diphenyl Ether (PBDE) 0.1% or 1000 ppm by weight of homogeneous material

** except for copper alloys up to 4.0% as exempted in the directive, Annex III, Section 6C

Dodd-Frank Wall Street Reform and Consumer Protection Act

The products we supply do not include conflict materials that originate in the Democratic Republic of the Congo (DRC) or its surrounding countries. This includes the elements tin, tantalum, tungsten, or gold. (<http://www.eicc.info/extractives.htm>)

REACH – Registration, Evaluation, Authorization, and Restriction of Chemical Substance

The products we supply or packaging materials used for protection and shipping, do not contain chemicals listed (dated January 12, 2017) by the European Union as harmful to human health and environment as listed on the European Chemical Agency website (<http://echa.europa.eu/candidate-list-table>)
